

VRRRA Stage 2 Race School

The Stage 2 school is for VRRRA racers who have competed with the club in previous years and all participants must ride a VRRRA legal race bike.

The school is an immersive program designed for riders to improve their racing skills. Under the guidance of experienced instructors, participants will have the opportunity to refine their riding style and focus on individual skills such as braking, cornering, body positioning and basics of suspension set up. Individual time with control riders who can offer specific skill development and personal feedback is available upon request.

Stage 2 school provides plenty of track time and most riders leave feeling more confident and prepared for a higher level of competitive racing.
